ABOUT US

Kappa Language School was founded by a group of young linguists and language tutors with years of experience in teaching Italian as a second language. Our mission is to assist students from all over the world in **communicating** in Italian in an **effective and fun way**.

Teaching a language is an **act of love**: teaching Italian, for us, means capturing the **Great Beauty** hidden in every single word learned by our students.

OUR COURSES

Our classes are devised to make your learning experience **stimulating and within everybody's grasp**. We work in small classes in order to encourage the **practice of oral skills** and **our teachers are all native speakers and highly qualified**. Furthermore, we offer our students a variety of extracurricular activities, such as **field trips and events**, in order to widen their knowledge of Italian culture.

Our students can choose between **different types of courses**:

- **standard**, for a wide range of learning experiences;
- **intensive**, devised to give students **fundamental communicative tools** in a short time;
- **special**, focused on specific aspects of Italian language and culture;
- **private**, one-on-one, live or via internet;
- **traveling**, devised for those who want to enrich their learning experience visiting Italian cities of great beauty.

OUR SCHOOL

Our school is located in **Via del Boschetto, 32**, in the heart of one of the Rome's most historic neighbourhoods, the **Rione Monti**.

The building that hosts our lessons and activities is an elegant and historical mansion, located in the very centre of the Eternal city, amongst **striking alleys** and **majestic views** of the most **famous landmarks** of the city.

Our privileged location helps our students establishing a **deeper connection with the life of the city**, because we believe that it would be simply impossible to learn

Italian without **being surrounded by the Great Beauty** this wonderful language carries.
