ABOUT US

SLANG. Sardinia, senses & language is a premium, boutique-style language center with dedicated and highly skilled teaching staff, with over 10 years of experience in Italian as second language instruction.

We offer Italian language&culture courses for students of all ages, nationalities and Italian skill levels. As we love to consider language and culture as one, we like to teach both inside the classroom – in conversation based lessons with qualified mother tongue teachers – and outside the school, in real linguistic situations while living breathtaking experiences and getting in touch with local people.

After the morning lessons, we bring you to have activities where to practice Italian and get deep into the culture as: clay pottery workshop and artcrafts, local typical food tasting, hiking and sports in the nature, visits to wineries and craft breweries, pastry and cooking lessons, birdwatching by bike, historical trekkings and much more.

All the lessons and cultural activities take place in the city of Oristano and its surroundings, an amazing and authentic place on the west coast of Sardinia. Your perfect destination to live an immersive Italian learning experience.
