THE LANGUAGE SCHOOL

The Terramare language school, situated in the historical town centre and **open all year round**, was founded in 1986 and run by highly qualified teachers with many years of experience in teaching Italian as a foreign language. The school team therefore offers a unique opportunity for those who want to learn the language and also want to practice it in everyday situations, as the courses of Terramare guarantee **full immersion in Italian culture and nature** – enrolling for a course gives students a combination of language learning and language practice.

LANGUAGE CLASSES

The classes at Terramare consist of **just 3-6 students** and are divided into the 6 levels of the Common European Framework of Reference for Languages.

Group lessons take place in the morning from **9 a.m. to 1 p.m.** from Monday to Friday. The school organizes **cultural activities** that take place **three times a week** and are free for the participants of all courses.

THE TEACHING METHOD

The teaching method of Terramare is **focused on the individual student**. The communicative approach is based on interactive activities in the classroom as well as group activities outside that also include cultural trips to a variety of local places of archeological, artistic and historical interest. It is our aim to assist each student in his/her very own and **individual linguistic and cultural development**. We therefore offer a unique opportunity for those who want to learn the language and also wish to practice it by using it in active everyday situations. The student's immersion in everyday Italian life transforms their language learning experience into a **real cultural experience** and enhances their language learning with communicative competence.

CULTURAL ACTIVITIES

Apart from the special courses that contain a wide range of cultural activities, the school also organizes **three free time activities per week** like cultural meetings or trips to local places of natural or historical interest that are included in the price of all courses. These activities enable students to explore the Italian way of life, cuisine, traditions, cultural events and places of interest.

ORBETELLO – THE LAGOON TOWN AND ITS SURROUNDING AREAS

Orbetello is situated **in the centre of a splendid lagoon** linked to the Tyrrhenian Sea in the Maremma region of Tuscany. Close by are the ecological havens like the Maremma Natural Park, the wetlands of the WWF Bird sanctuaries, the Argentario promontory and the two strips of accumulated sand called the tombola that enclose the lagoon of Orbetello and open out onto the sea with their **beautiful long sandy beaches**.

The historical, urban and natural features of Orbetello provide the ideal conditions for meeting local people, as well as guaranteeing a high quality of life, making it the ideal place for a language holiday. The little piazzas and quiet lanes with their bars and restaurants come to life in the evenings, with street theatres and concerts that are open to everyone.

The **unique wealth of landscapes** is all within cycling distance of Orbetello: the WWF Nature Reserve and the wetlands around the lagoon, the Maremma National Park, the Argentario promontory and the two strips of sand, the so-called Tomboli, that enclose the lagoon and then open out onto the surrounding Tyrrhenian Sea with their long golden beaches; an **ideal place for those who enjoy open-air sports** like swimming, windsurfing, running and cycling.

There are many boats and ferries to the islands of Giglio and Giannutri. Nearby are the other islands of the archipelago and the coastline of the Maremma National Park, an area with a sea mammal sanctuary

that has been established as a Marine Nature Reserve and is a **true paradise for lovers of the sea.**

The surrounding area also offers an extraordinary **combination of Italian archeology, art and history** with various Etruscan necropolises and museums, Roman archeological sites and medieval and renaissance towns.

These are the destinations for some of the excursions that included in the general Italian language and cultural courses that are open to all students and included in the course fee.
