## WHY STUDY ITALIAN AT THE ABC SCHOOL

**EXPERIENCE:** The ABC School in Florence has successfully taught the Italian language since 1982.

**SMALL CLASSES:** a **maximum** number of **8 students per class** (an average of 6/7) to ensure better quality teaching and learning.

**QUALIFIED TEACHERS:** motivated, professional and welcoming. Our teachers all have different characters and interests, however they are all equally as passionate and capable of creating a relaxed and stimulated atmosphere in class, a place where students can learn Italian in a natural way without stress.

**STUDENTS ARE PUT FIRST:** We have 9 classrooms in a beautiful Renaissance building with frescoed ceilings. The small size of the school allows us to take care of our students in an attentive and personalised way to suit everyone's needs. The students can always count on our staff who are very friendly and always ready to help.

**A WIDE RANGE OF COURSES:** Italian language courses, Italian culture courses, courses for professionals, courses for the preparation of exams, basic courses, 50+ courses. We have a range of organised study programs.

**WE SPEAK ITALIAN FROM THE VERY FIRST DAY:** This direct method of teaching that we have adopted encourages students to speak Italian from the very first day. In every class, from beginners to those more advanced, the teachers only speak Italian. Students are encouraged to express themselves by using the linguistic instruments of their knowledge in a way to gain confidence and feel more at ease in the language.

**ORIGINAL TEACHING MATERIALS:** The grammar books used in class are the result of over 30 years of teaching and are written and edited by the ABC School exclusively for their students.

**AFTERNOON ACTIVITIES:** In order to enrich the study experience some afternoon and evening activities are carried out by the teachers at the school: culture seminars, walks, evenings together etc.

**VISITS TO MUSEUMS AND CHURCHES** of Florence, by our teachers who are also licensed tour guides for Florence and Tuscany.

**A FAMILIAR ATMOSPHERE** in stimulating and multicultural surroundings.

**HAND PICKED ACCOMMODATION**, maximum 20/30 minutes away by foot.

**ONE SCHOOL, TWO CITIES:** In 2015 we opened a new school in Sestri Levante, Liguria. Our students now have the possibility to study Italian in both a city of art and a little town by the sea with the same method of education and the same textbooks.

**AWARDS:** The school has been **officially recognised by MIUR, the Italian Ministry of Universities and Research** (document no. 1052/C20).

We are also sponsored by the City of Florence (document no. 6200), and take an active part in a literacy program for immigrants in collaboration with the City of Florence.

We are also a member of the Associazione delle Scuole di Italiano come Lingua Staniera (**A.S.I.L.S®**) (**Association of Italian language schools as a foreign language**) which aims to guarantee and ensure the professional expertise of the schools regarding the teaching of Italian language to foreigners.

We are authorised for the **CILS exams** (Certification of Italian as a Foreign Language) at the University for Foreigners of Siena, and **AIL** (Italian Academy of Language) for all levels and all certificates.

We are also recognised by **CSN** (Swedish National Agency for assistance in studies) and the Federal Republic of Germany for **Bildungsurlaub**.

## THE SCHOOL

Since 1982, the ABC School has been specialised in teaching the Italian language to foreign students who come from everywhere in the world. In these years we have improved our methods in order to offer the best experience to our students, addressing their real needs.

### OUR METHOD

The ABC School contributes towards the advancement of linguistic and educational research. We use the Direct Teaching Method which places particular attention on making sure that all students have a solid foundation of grammar in both the grammar and conversation lessons.

The teachers are **all native speakers of Italian** and are **specialised in language teaching**.

They are always selected very carefully taking their teaching and communication skills into account as well as their personality and knowing.

### STUDENTS LEARN VERY QUICKLY: CLASSES OF MAXIMUM 8 STUDENTS

- **Small groups** guarantee intense learning. Before starting the course, students are required to complete a written and oral test
- The class levels follow the Common European Framework of Reference for Languages.

### COURSES FOR ALL NEEDS

- Standard, intensive, group or individual courses for beginners, intermediate learners or advanced learners.
- Courses for professionals, culture and art courses, preparation for exams and certificate courses as well as linguistic and cultural programs for both young and old.
- A wide range of possibilities to learn or improve your Italian

### WHERE WE ARE

You can find the school in the heart of the historic centre of Florence in the lively quarter of Santa Croce, with many shops and artisanal workshops, not to mention its short distance from all of the most important museums and monuments of the city. From the windows of the frescoed classrooms in the Palazzo Venerosi Pesciolini, you can enjoy the view of the Palazzo Vecchio from one side and the Piazza Peruzzi from the other.

---

## GENERAL INFORMATION ON THE COURSES

At the ABC School in Florence it is possible to choose from a large variety of study programs.

### TYPES OF LANGUAGE COURSES AND PROGRAMS

- The **group courses** approach the Italian language from a general point of view however are complete regarding language and communication structures
- For those who have a particular interest or necessity to learn Italian, also for work purposes, we offer **combined courses** which include both group and individual lessons which can be focused on particular subjects (commercial or tourist Italian, sector-specific language, preparation for exams for certificates, translation from English to Italian).

- **Language and culture courses** focus on the Italian language as well as certain aspects of the culture which the student can choose (history of art, literature, history, fashion, design, food & wine)
- The **50+ program** is for those who are more than 50 years old and would prefer to study the language at a pace better suited for adults. This includes the possibility of taking part in a special cultural activities program, with a teacher who will help them to understand and discover Florence, its history and traditions.
- As the Italian culture also involves a lot of good food, we have created some courses which combine Italian language lessons with this typically Italian aspect: **Italian language and cooking** will have no more secrets.
- For **secondary school and college students** who are travelling together with their teachers in Italy, it is possible to have Italian language lessons together as a group as well as outside activities and visits to museums and monuments.
- If you are planning a holiday to Italy and would like to learn the basics of the language in order to be able to communicate with Italians, you may find our individual or group lessons on **Italian holiday language** useful.

## INDIVIDUAL OR SMALL GROUP COURSES

### COURSES FOR TWO (DUETTO) OR THREE PEOPLE (TRIETTO)

The courses for two (Duetto) or three people (Trietto) have been created in response to what our students have asked for in the past. They have been especially created for two or three people (friends, parents, work colleagues) who are travelling together and have the same level of Italian.

Having lessons in small groups is advantageous as you study in a more intense way. The student will be able to choose the topics they would like to focus on and enjoy having a personalised timetable.

It is in fact possible to decide how many hours per week you would like to attend.

In the lesson the teacher will provide the necessary linguistic skills, taking the particular interests of the students into account.

You will study grammar to understand the structure of the language through readings, activities and exercises. Grammar rules will be put into place so that afterwards, during the conversation classes you will easily be able to communicate in Italian.

This results in oral and written comprehension, as well as new vocabulary which can be used in conversation so that students can improve their knowledge which is checked by teachers.

#### *Lesson times:*

Generally these lessons take place in the morning, however the time will be communicated with the students.

## THE ABC SCHOOL: FLORENCE AND SESTRI LEVANTE

We are very happy to say that in 2015 we opened a new ABC School on the beautiful Ligurian coast, in a building which has views directly on the Bay of Silence, one of the most beautiful beaches in Italy.

Sestri Levante is only a few kilometers away from the famous Cinque Terre, a colourful and peaceful place situated on a cliff which divides the sea into two captivating bays.

The ABC School in Sestri Levante uses the same educational method as in Florence which results in students speaking Italian from the very first day.

The lessons have a maximum of 6 students per class, for a particularly intensive way of learning.

During the summer Sestri Levante is an important seaside resort, however those who love the sea know that it is beautiful in whatever season and that there are always many activities: trekking in the hills, diving, boat rides, walks, visits to other Ligurian cities and food and wine tastings.

Many Italian language courses are available in both locations. We wanted it to be this way so that our students could get to know Italy better. This gives them the opportunity to experience both Liguria and Tuscany, maintaining continuity in the way they are taught

---

## AFTER THE LESSONS

In the afternoon, at the end of the Italian language lessons, we organise a series of cultural and leisure activities which will help you to get to know Florence and its monuments better, as well as all of the aspects of Italian culture.

The students can participate in any activity that they are interested in and are also free to explore the city by themselves according to their own personal interests.

Every four weeks we propose a new program with visits to museums, themed walks in the historic city centre or in the hills, seminars on history, art history, literature, language, traditions, music, theatre, linguistic study, film, as well as dinners together in a pizzeria, aperitivo, cooking lessons and much more.

On Saturdays there are excursions to other Tuscan cities (Siena, Pisa, Lucca, Arezzo etc.),

Chianti or the beach in the summer months.

All of the activities are organised by our teachers. The teachers who accompany the students on museum and monument visits are also licensed tour guides and have a great knowledge of art history.

The seminars, films and walks are included in the cost of the course. Students are required to pay for their museum tickets, transport for the excursions and the lunches or dinners that we have together.

Here is an example of an activity program:

## ACCOMMODATION IN A FAMILY

Almost all of the accommodation selected by the ABC School are maximum 20/30 minutes away from the school by foot. Both the apartments and families can be very different: there are young people, older people, families, those without children, couples or singles. These people can have different ways of living or interests.

The students are guests but are also a part of the family and are expected to leave the common rooms clean and in order.

By request it is possible to share an apartment with other students in a single or a double room with or without use of a kitchen.

Independent apartments are also available or we can book a hotel room for you.

• **Room with use of kitchen:** Those who choose a room with the use of kitchen will have their own private bedroom and will share the bathroom and the kitchen with the other people who live in the house. In the kitchen you will have your own space to put your supplies.

Since the kitchen is shared with the family and/or other students, it must be left clean and in order.

The room with the use of kitchen is at a maximum distance of around 30 minutes by foot from the school. The room could be in a shared apartment with other students of the school, or with a family depending on the time of year.

The double bedroom is only available upon request for students who arrive together, and would like to share the room.

• **Room with breakfast or half board:** Those who book a room with breakfast or half board (breakfast + dinner) cannot use the kitchen. The Italian breakfast usually consists of coffee, latte or tea, biscuits, yoghurt and fruit. For lunch, usually students don't return home: as there are many restaurants, bars and pizzerias near the school.

Those who choose the half board option will eat dinner with the family. Dinner in Italy is usually around 20:00. A typical dinner consists of a first and/or second dish, with a side dish and fruit.

Please inform the family if you will not be at home for dinner (in any case there will not be a reimbursement) or if you will arrive late. It is possible that occasionally the family won't be at home, however the dinner will still be organised.

around 30 minutes by foot from the school.

The double bedroom is only available upon request for students who arrive together, and would like to share the room.

- **Independent apartments:** If you would prefer to have your own room, bathroom and kitchen, we would advise you to choose an independent apartment.

For the same price, the apartments offered can vary greatly, regarding the size and luminosity of the rooms for example. Bear in mind that the standard of the room is not always very high.

In any case, even if they are simple and not recently renovated, the apartments are clean and fully equipped, and they are located at a maximum distance of 25/30 minutes by foot from the school.

- **Florence is a very old city:** It is not rare to live in a historic building, perhaps dating from the 15th or 16th century. This is definitely a charming feature, however please don't forget that at this time elevators did not exist and not all buildings have space to install one. The bathrooms are also often small and very simple in comparison with modern houses.

### ACCOMMODATION: IMPORTANT INFORMATION

- **Booking:** Our advice is to **book accommodation at least 4 weeks before starting your course**. Our accommodation office does whatever is possible to satisfy the needs of the students, working with the available accommodation. However, please keep in mind the fact that there is a limited quantity of rooms for students (Florence is primarily a tourist city), not to mention the relative low asking price.

- **Cancelling your accommodation:** Accommodation cancellation should be sent to the school by registered letter, fax or email.

If the cancellation is made one week before the beginning of the course, the school will retain one week's accommodation fees (regardless of the booking duration). If the cancellation is made within two weeks before the beginning of the course, the school will retain 50% of one week's accommodation fee. If the cancellation is made more than 15 days before the beginning of the course, no penalty shall be paid.

---

There are no special prices or refunds for late arrivals or early departures.

- **Independent transfer:** From Florence Airport (FLR) it is possible to take either a taxi or a shuttle bus "vola in bus" which takes you to the Santa Maria Novella station (for information please go to [www.fsbusitalia.it](http://www.fsbusitalia.it)).

The Santa Maria Novella station is around 10 minutes walking from the Piazza Duomo. When you arrive by train it is possible to take a taxi, a bus ([www.ataf.net](http://www.ataf.net)) or walk to the apartment.

Please note: please **directly contact the owner of the property** to let them know your arrival time in Florence at least a week before your departure to Italy.

- **Transfer organised by the school:** For those who would prefer a transfer organised by the school, you will find someone that we trust at Florence Airport (FLR) or at the Santa Maria Novella Station (SMN). Please **let the school know about your travel details** (day

and time of arrival, number and the train/plane's place of departure) at least one week before leaving.

- **Arrival and Departure:** Accommodation is **from the Sunday** before starting the course **to the Saturday** after the course (an extra night on arrival or departure is possible).

It is very important to confirm the time of arrival at least a week before leaving: for those who don't do this it is possible that you will not find anyone at home when you arrive in Florence.

On the day of your departure, the apartment must be left before 11 in the morning.

- **Keys:** It is very important to not lose the house keys or you could be required to pay for the replacement of the locks and keys.

- **Rooms with Use of a Kitchen:** For those who choose a room with use of a kitchen, you will have your own space to keep your food. As the kitchen is shared with a family and/or other students, it has to be left clean and tidy.

- **Rooms with Breakfast or Half Board:** For those who book a **room with breakfast** or with half board (breakfast and dinner) you may not use the kitchen. An Italian breakfast normally has coffee, milk or tea, biscuits, yoghurt and fruit. Normally students do not go home for lunch: there are many restaurants, cafes and pizzerias close to the school.

For those who choose **half board accomodation**, dinner will be with the family. Dinner in Italy is normally around 8pm. A typical dinner includes a first and/or second course with side dishes and fruit. Let your host family know if you think that you won't be at home for dinner (if this happens you won't be reimbursed) or if you will be home late. It is possible that the family occasionally won't be at home but dinner will be made for you.

---

• **Bed Linen and Towels**: The bed linen and towels are provided with the accommodation and are changed once a week. Students will find a clean room on their arrival but are responsible for the cleaning of the room and common areas during their stay. You are not allowed to move around the furniture or hang posters, photographs or paintings on the walls.

• **Gas and Electricity**: Gas, water and electricity bills are included in the price. These are very expensive in Italy so please avoid any wastage.

Standard voltage is 220V. To make sure that your electrical goods (telephones, computers etc.) work, bring an adapter.

• **Heating and Air Conditioning**: Italian houses are only heated at certain times of the day and only during winter (from the 1st of November until March). Normally the heating is turned off during the night. The average temperature of apartments in winter is around

20°C.

Air conditioning in Italian houses is rare. The high, thick walls in the centre of Florence help to keep rooms cool in summer.

• **Internet**: Internet connection is not guaranteed in all accommodation. Some apartments may make an internet connection available at an additional cost.

• **Friends and Visitors**: It is not possible to invite friends home, nor to invite them to spend the night (unless prior arrangements are made with the owner of the house and the school).

For those who are thinking about staying out for the night, please let your host family know to avoid any unnecessary worry.

• **Damage**: In the case that anything is broken or damaged, please let your host family know as soon as possible. You may be asked to pay for the repair or replacement of the object.

• **Medical assistance**: The school's secretaries can put you in contact with doctors who speak English. We would highly recommend that all of our students buy medical insurance, especially those who come from countries that are not in the European Community.

• **Problems**: If there are problems with your accommodation it is important to speak to reception in the first few days or as soon as the problem occurs so that we are able to resolve it as soon as possible. The school cannot be held responsible in any way for the relationship between the student and the landlord or landlady.
